

## Public Advisory for MECQ

Updates as of April 12, 2021

Okada Manila prioritizes the safety of its guests and team members. In solidarity with all efforts to curb the rise of COVID 19 cases, the integrated resort's property-wide operations will remain temporarily suspended until given clearance by the government to resume.

During the government-mandated Modified Enhanced Community Quarantine (MECQ), everyone is strongly urged to prioritize their safety by staying at home and practicing all precautions. Staying vigilant and well-informed is also of utmost importance at this time.

Okada Manila will continue to work closely with the authorities, implement safety and sanitation protocols in the property, and monitor the situation to help ensure that the integrated resort stays a safe space upon the lifting of government restrictions and the return of our guests and team members.

We are looking forward to welcoming everyone again soon. Stay healthy and keep safe.
